

Tuesday 1 November 2022

Winter vaccinations – Moray drop-ins The Fiona Elcock Vaccination Centre is now able to accept drop-ins by health & social care staff for Winter vaccinations. The centre is open Monday – Friday, 10.30am - 5.30pm. As with all other drop-in opportunities, at peak times queues may close and you may be asked to come back at another date/time.

As a reminder, [all vaccination clinics in Aberdeenshire](#) are now open for health & social care staff to drop in for vaccinations. There are also appointment slots for health & social care staff available **this week** at **Aberdeen City Vaccination Centre**. Call 0800 030 4713 to book your boosters (this number is for Aberdeen appointments only). Please note, all Aberdeen clinics are appointment **only**, there are no drop-in opportunities for staff or the public in the city.

Workforce plan 2022-2025 Our new workforce plan has been published today. Covering the next three years, this sets out our plans, the challenges we expect to face, and how we will deal with them. The workforce plan is carefully aligned to the Colleagues & Culture section of the Plan For The Future. This lays out three key aims:

- A workforce able to do today's work today and innovate for tomorrow.
- We have work and roles that support people's health, safety and wellbeing.
- Colleagues are included, supported and empowered to make their best contribution.

[You can read the workforce plan in full for yourself here.](#)

Learning Disability Nurses' Day On this day in 1919, the first Learning Disability nurse in the UK joined a professional register, and today colleagues in Learning Disability services have been marking the first ever Learning Disability Nurses' Day. To see what they've been up to – and read their personal pledges – check out #ChooseLDNursing on Twitter. A huge thank-you to all our Learning Disability nurses for their hard work and dedication.

Dr Gray's Hospital Plan for the Future Yesterday we explained how those of you working at DGH can get involved in planning for the future. Today, we're extending the invite to any of you who have been patients at DGH or have interacted with services there in any way. [Just click here to share your views.](#)

New draft strategy for Endowment Fund The NHS Grampian Endowment Fund is our official charity. The fund team have developed a new draft strategic plan and they are looking for feedback from health & social care staff, and the wider public. [You can see the plan for yourself here](#), then answer the questions which follow. If you are reading a printed version of the brief, just scan this QR code:

We hope to launch the new strategy towards the end of the year, followed by our activity and delivery plans. Any further comments or queries, please email us at gram.involve@nhs.scot, the survey closes on 16 November.

Tune of the day I love it when your requests reveal a new artist to me and today is one of those occasions. Huge thanks to Rob Stevenson at Linkwood Medical Practice for suggesting Frazey Ford and [The Kids Are Having None Of It](#) (EP).

If you want to request a tune, follow up on items included in this brief, or suggest an item for sharing, drop us an email via gram.communications@nhs.scot
